SUMMARY

Computer Engineering graduate with experience in IT support, system troubleshooting, CRM automation, and 2D/3D CAD design. Skilled in programming, technical documentation, and problem-solving, with a strong interest in technology and continuous learning.

EXPERIENCE

2D and 3D Design — July 2026 - August 2026

Freelance

- Created 2D designs based on client requirements.
- Developed corresponding 3D models.

IT Support - OJT — August 2025 - September 2025

Moriroku Philippines INC.

- Assisted with employee PC, software, email, and login issues.
- Supported equipment deployment and system upgrades.
- Performed hardware, software, and network troubleshooting.
- Assisted with SDLC documentation.

Social Media Automation — December 2024 - February 2025

Freelance

- Managed GoHighLevel CRM workflows and marketing funnels.
- Configured automated SMS, email, and voicemail follow-ups.

ABz Computer and Printing Shop — January 2022 - July 2023

Part-time

- Assisted clients with technical problems
- Manage Payments and Services

TRAININGS AND SEMINAR

IoT and LoRaWAN Workshop Series

Packetworx

Mastering Critical Thinking in the Age of AI

IBM

AI Literacy Isn't Extra, It's Core

IBM

Think Like A Leader, Act Like A Defender

Holy Angel University, School of Computing

SKILLS

CAD & Drafting

2D Drafting · 3D Modeling · Design Interpretation

IT & Troubleshooting

Hardware/Software Diagnostics · PC Maintenance · Basic Networking

Programming

Java · C++ · Python

Systems & Automation

Embedded Systems · IoT Integration · CRM Automation · Scripting

TOOLS & TECHNOLOGIES

AutoCAD · SolidWorks · KiCad · GoHighLevel · Zapier · Microsoft Office

PROJECTS

- Transaction and Academic Services Kiosk (TASK)
- Smart Helmet
- FSL Translator
- Chess Repertoire (Web Application)

EDUCATION

Bachelor of Science in Computer Engineering

Cavite State University – Carmona Campus

September 9, 2026

- Best Thesis Paper
- Consistent Dean's Lister
